RE: Fire Alarm Class for Acceptance and Maintenance

Dear Larry;

All of us from Tualatin Valley Fire & Rescue that attended your recent class wanted to thank you for hosting us. We especially want to thank you for all the useful information you passed on to us. Teaching the NFPA 72 standard then illuminating it with your field experience and the demonstration lab is what made your class so valuable.

I appreciate all the help you have provided me over the years – I have always considered you a trusted source of information.

Sincerely,

Karen Mohling
